THE YEAR WE MAKE CONTACT

Comiquiz 2010

is presented by

Seriefrämjandet Stockholm

(Swedish Comics Association, local department of Stockholm)

Comiquiz 2010 will take place as planned november the 10th, 2010.

The quiz pamphlet consists of 35 pages (including cover) separated into 13 categories. The number of points awarded for each category varies between 12 and 55 points, and the maximum number of points that could be achieved on this year's Comiquiz is 348 points.

Note that when we're asking about a certain artist, we're looking for the penciler (for instance in the cases where another person has inked etc.) In the cases we ask for the year of publishing, it's always the first publishing we're looking for, i.e. not when a comic magazine has been compiled into a trade paper back, or collected in an anthology.

(Certain images have been slightly edited for design or competition reasons.)

G. What just happened? (34 points)

Below we present 17 more or less important moments in comics, both for readers around the world and for the characters involved. It is said a picture is worth a thousand words. Our hope is that it does not require quite so many words to describe what has just happened in the panel (or a very small number of panels) that lead up to the images we show below. An answer template for personal notes is given last in the category. Each correct answer gives 2 points.
